Rebecca: $\textit{mp}$

What's a girl to do when she's stuck between men? It's

like she's a Barbie with two perfect Kens. But wait, it just occurred to me:

May-be I can solve this with geometry.

Rebecca: Yes, smarts can help this stichy-wation get untangled.

So professors: teach me... the math of...Love Triangles!

Male Dancers:

Verse 1:

A triangle is a polygon with three edges and three vertices.
Take the base times the height, but that in half to find the area of the surfaces.
Rebecca: Uh...I wasn't really listening, but I can see... the center of the triangle is the center of the triangle is 20

Rebecca: C7/G

Verse 2:

math of love triangles isn't hard to learn.

professors, am I facing a suspension?
Whee! A Swing!
That's literal suspension!
